Summer Safety Tips if you are Away

Whether you’re leaving for a weekend or for the whole summer, be sure to use these tips to keep your home and belongings safe!

- Set up timers on lamps or TVs in more than 1 room. Get timers that can operate for two or more intervals a day to simulate morning and evening routines

- Put dowels in windows for extra security

- Close all doors and windows and make sure they're locked and blinds are shut so possible intruders can’t see in

- Tell a trusted neighbor that you're not going to be there in the summer. Ask them to let you know if they see anything suspicious

- Limit what you share on social media that indicate you will be gone

- Unplug your TV, computer, toaster oven and other appliances to protect them from power surges

UO Bias Response Team

The Bias Response Team (BRT) is a free resource for students on campus. The role of the BRT is to provide targets of bias a safe space to have their voices heard, to promote civility and respect, to effect change around these important issues in a quick and effective manner, and to ensure a comprehensive response to bias incidents.

BRT can:
- Recommend existing campus resources that may help resolve bias
- Assist in creating solutions to bias related issues
- Arrange facilitated discussions between targets and those responsible for act of bias

Eugene in the Summer

Each summer, the City of Eugene creates a series of events for the Eugene community to take part in. The events include concerts, art walks, dodge ball tournaments and more. The best part is that all of the events are FREE TO EVERYONE. These events are a great way to experience all that Eugene has to offer and meet new people in the community. A full calendar of the events can be found by clicking here.
